

Social and Community Mobilization / Project Entry and Inception meetings held with community leadership Activity Report.

NDC Support Programme

District: Koboko District

Name of Group: Community Empowerment and Rehabilitation Initiatives for Development (CERID).

Name of person reporting:

Apayi Salila

Post held in group:

Project Officer

Location of activity:

Koboko Municipality and District.

Cost incurred in Uganda Shillings:

727,000 UX

Dates: 16.07.2020, 20.07.2020, 22.07.2020, 23.07.2020 ad 24.07.2020.

Purpose of Activity:

The purpose of the activity is to introduce stakeholders on the new project that has come on board and to seek their support during the implementation of the project in Koboko Municipality and the District at large

Specific objectives of the activity; planned targets and achievements.

- ❖ To introduce the new project of UNDP that's going to be implemented in the district to the stake holders.
- ❖ To share the project documents and the budget with the key stakeholders i.e. the target of the project, key activities and the beneficiaries of the project.
- ❖ To share the roles of the different stake holders and the support expected from them during the implementation of the project.
- ❖ To get experience from the other partners that have worked in the area of environment.
- ❖ Lobby for the support and collaboration of the stakeholders during the project implementation.

Indicator	Target	Achieved
# of participants reached by the activity	100	85
# of activity conducted	01	05

The table below shows the number of people who attended the Social and Community Mobilization/ inception meeting.

Age Category	Female	Male	Total
Children (under 18)	00	00	00
Youths (18 – 34)	30	07	37
Adults (35+)	30	18	48
Total	60	25	85

- Stake holders were met and pledged their support to the project as it deals with what is affecting the community in Koboko District.
- Stake holders such as the Environment officers and the Secretary Natural Resources and Production Koboko District being the technical person pledged to support the project implementation.
- Stake holders promised to sensitize the community about the dangers of climate change resulting from human activities.
- The community groups were mobilized for the Education and Sensitization on Deforestation, Climate Change and Global Warming

Participation: who were the Participants?

The local government stakeholders during inception meeting included the following;

S/N	Title	Office
DISTRICT		
01.	Vice Chairperson-LCV for the Chairman	Koboko-DLG

04.	Secretary Natural Resources & Production	Koboko –DLG
MUNICIPALITY		
02. for Town Clark	Koboko-MC
04.	Environment officer	Koboko-MC
LOBULE SUB COUNTY		
01.	LCIII Chairperson	Lobule S/C
02.	Sub County Chief	Lobule S/C
03.	CDO	Lobule S/C

SOUTH DIVISION		
01.	LCIII	South Division
02.	Senior Assistant Town Clark	South Division
03.	CDO	South Division
WEST DIVISION		
01.	Vice Chairperson LCIII for the Chairman	West Division
02.	Senior Assistant Town Clark	West Division
03.	CDO	West Division
NORTH DIVISION		
01.	LCIII	North Division
02.	Senior Assistant Town Clark	North Division
03.	CDO	North Division

While in the community during Social and Community Mobilization included women, men, and youth from all the groups as shown in the attendance sheets.

Key Issues/Topics discussed during the meeting/event/activity:

- ❖ The Deputy CAO Koboko Mr. Alonga Simon thanked CERID for the effort of supporting the District. The project has come timely when the District is implementing a five-year energy strategy and CERID is the first to start implementing and choosing Lobule Sub-County which is most affected. He also added that there is need to integrate the technical people to support the project implementation and supervision.
- ❖ The Chairperson South Division Mr. Asiki Elly appreciates CERID working with the community especially in South Division and he continued that, this is the way to go. He also encouraged the local leaders to support CERID to become a National Organization.
- ❖ The Vice Chairperson LCV Koboko District Mr. Dramiga Samanya said Climate have been our challenge. If there is more funding, there is need to extend the programme to other Sub-counties and also thanked CERID for job well done.
- ❖ The Secretary Natural Resources and Production Koboko District Mr. Todoko Isaac encouraged the stake holders to own the project right from the beginning of the project. He also encourages individual planting of trees because through his experience individual planting has worked very well.
- ❖ The Senior Assistant Town Clark South Division Mr. Atiku Nixon said that working with the community groups is very good and that will clearly mean there is ownership of the project. And it will be better the school children be involved in these activities to make them busy.
- ❖ The Secretary Natural Resources and Production Koboko District Mr. Todoko Isaac said it is a very good technology to use briquettes. This is because, it will reduce the rate of cutting trees for charcoal. He continued that; the planting of trees is a very good idea which need to be supported by all stake holders.

-
- ❖ The Koboko Municipal Environment Officer Mr. Driliga Daniel thanked CERID for the project that is addressing real issues on ground. He technically advised that, the rainfall patterns have changed thereby reducing carbon oxide in the atmosphere so he encourages the leaders to embrace the project.

Main observations and key success story (i.e. *take-home messages*):

The LCIII Chairperson of South Division Mr. Asiki Elly in his speech thanked CERID for her continued developmental initiatives within the Municipality and the District. He said *“All the projects that CERID has implemented have a positive impact which is seen in the community. for example, the dream of combating HIV/AIDS and GBV in the Municipality. And this current one of Climate Change has come timely when we need the service. As Local government we do not address all the community demands”*. So, he encouraged all the stake holders to join hands to help CERID in addressing the problem of Climate Challenges in Koboko District.

Challenges faced during activity implementation

- Poor time management by the participants was among the major change which has delayed the activity.
- Participants have high expectations in form of transport refund
- The following of SOPs during the activity implementation is a big challenge because it required CERID to use other resources to buy things like masks and sanitizers which were not in the activity budget.

Conclusion and Recommendations:

- ❖ The Vice Chairperson LCV Koboko District Mr. Dramiga Samanya who represented the Chairperson LCV in his closing remarks thank CERID for bridging the gap on Climate Change and urged the stake holders to support CERID in all what they are doing and he requested the donors to add more funds such that the project can extend to other Sub-Counties of Koboko District.

Follow-up action / other comments:

- The Chairperson LCV Koboko District requested UNDP to add more funds to CERID such that many parts of the District and the Municipality are reached with such services since the whole district have been affected by the climate change.
- The stake holders and the beneficiaries requested CERID to lobby for more funds from other donors to supplement the one in the process such that the issues of climate change can be significantly reduced.

-
- The Secretary Natural Resources encouraged the beneficiaries to own the project and its activities such that a change can be realized from the interventions since most of the activities are practical that needs every ones participation.
-

Supervisor's comments and signature:

The activity was well attended as planned and achievement was achieved as also the stakeholder pledged to support the project in all necessary ways.

Wayi Isaac
Executive Director / Chairperson.

Note: Attach all attendance lists and at least three pictures of the event

The LCIII Chairperson South Division Mr. Asiki Elly giving opening remarks on behalf of the Mayor during the climate challenge project launch and inception meeting in Koboko District.

CERID Executive Director Mr. Wayi Isaac presenting the UNDP Project over view on Climate Change to the stakeholders during the Project Inception / Entry meeting in Koboko District.

Atai Mary the Vice chairperson West Division appreciating CERID putting gender in to consideration because women are the most affected persons during entry with community leaders in Koboko.

The Senior Assistant Town Clerk South Division Mr. Atiku Nixson thanking CERID for the good project and he encourages CERID to involve the young children in to this activities like tree planting such that when they grow up they will know how to conserve the environment during project inception meeting in Koboko.

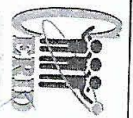

The Environment officer Koboko Municipality Mr. Drilinga Daniel explain the importance of this project to the participants and pledging his total support during the implementation of the project during the inception meeting.

The Vice Chairperson LCV Koboko District Mr. Dramiga Samanya thanking CERID and UNDP for the funding for the good project that its services are needed most now which the local government has not done well as he encouraged all the technical persons to support the implementation of the project.

Group photo of the participants after the inception meeting in South Division Head quarter offices Koboko Municipality.
